The Prez Sez-A Lot Going On

Rather than my usual column, I'm going to go over some of the things the chapter has going on. Some of this will be in the minutes.

Trailers update:

King Air Flight Simulator-An anonymous donor has agreed to match contributions up to \$2500 to purchase an enclosed cargo trailer for the simulator. This offer is good until October 1st. Checks can be made out to EAA Chapter 157 with a designation of Flight Sim KA 90. Donations are tax deductible.

R22 Flight Sim-A big thank you to Wayne McConnell, who located a FREE trailer that the helicopter can be mounted on. It needs a little TLC, but it should work out well. Wayne and I will continue to work on this project. Anyone else interested in helping?

Cooking Trailer-It needs a little work, but is mostly functional. Dave Kirkman and I have checked it out and have a plan to get it fully functional. Again, any help is appreciated.

Thanks to Gale Lakers, we have lots of great aviation themed items available in exchange for donations to the chapter. There are dozens of plastic model airplanes of various sizes, some nicely framed aviation art and lots more, including a B-17 model on a pedestal that has a clock. It lights up and the propellers turn. Take a look and pick out something special for yourself or as a gift. It's hard to put a value on some of these items, but 10 to 20 dollars for most of the models seems reasonable.

Anybody want some redwood furniture? Some of it needs work, some are in decent condition. How about \$50 for everything?

We also have a couple of used transponders, a KT76A and a Garmin with altitude encoder that was removed for an upgrade. See me for details.

Young Eagles Saturday, September 17th. As always, lots of volunteers, pilots and ground personnel, will be needed. If can help, let Barbara Crooker know. (530) 515-7929.

Octoberfest October 15th. The board has decided to go big this year. Pilots will be invited to fly in and camp out on the big lawn. There will be a Saturday night dinner with brats, sauerkraut, etc., maybe a movie outdoors. Again, lots of help will be needed. Note that this gathering will take the place of our regular third Tuesday meeting.

Fun times!

Jim Bremer

EAA Chapter 157
Board Meeting, August 2, 2022

Board members present: Jim Bremer, Barbara Crooker, Sue Kerr(zoom), Paul Gilman, Wayne Pero, Dave Kirkman and Julie Ostendorf

The meeting was called to order by President Jim Bremer at 7:06pm

Motion was made by Paul Gilman and second by Barbara Crooker to accept the minutes of the July 5th meeting. Motion passed.

Treasurer's Report was given by Barbara Crooker. Details are available from the treasurer. Motion was made by Paul Gilman and 2nd by Dave Kirkman to accept the treasurer's report. Motion passed.

OLD BUSINESS:

1. Flight Sim trailer tires update: Tires have not been purchased yet. Wayne will check the tire size this evening and proceed with the purchase.
2. Scholarship fund raisers: The board is still looking for ideas. A suggestion was an airplane wash, possibly when it is cooler. The model airplanes are also for sale that Dale donated to the chapter as an on-going fund raiser.
3. Octoberfest: A date was set for October 15-16. This event would be in place of the regular meeting that would be held on October 18th. Possible movie night. Flyers and notification to be sent out on Facebook to alert pilots to the event. It will be a fly-in with camping available. Traditional Octoberfest fare and pancake breakfast Sunday morning. Jim will get the permit process going with the city.
4. Cooking trailer donated by Bill Hill update: Jim Bremer and Dave Kirkman have started repairs on the griddles and the trailer.

NEW BUSINESS:

1. Young Eagles event in September: The date set is September 17th to be held at the EAA Quonset Hut in the area by the sunshades. A pancake breakfast will be served. Pat Wallner offered the help of the Exchange Club to put on the breakfast.
2. Wayne McConnel donated a trailer for the helicopter simulator along with extra tires for the trailer. Jim suggested that the other flight sim donated should be in an enclosed trailer.
3. Jim relayed that Bill Hill suggested that a projector be mounted from the ceiling for video.
4. August meeting/dinner program on the 16th: Paul and Jim will cook hamburgers and hot dogs with sides of potato and pasta salad. The CHP will present the program. Jim Wadleigh (airport manager) will be the program for our September meeting.
5. Dave Kirkman attended the Cedarville pancake breakfast and mentioned a lot of airplanes were there. Something to check out.

The meeting was adjourned at 7:33pm

Respectfully Submitted by Sue Kerr, EAA Chapter 157 Secretary

ANNOUNCEMENTS

YOUNG EAGLES

If you are available on September 17th we need pilots and ground crew to help with this event

Please contact Barbara Crooker if you can help.

Phone: 530-549-4275

E-mail: flylady182@gmail.com

HELP!!

The chapter needs ideas for programs for our upcoming dinner meetings. Please contact Jim Bremer if you know of a great speaker or can offer videos or personal accounts.

Please submit pictures of flights and/or interesting places you have visited.

Your newsletter editor would love to include them.

Send to Sue Kerr at suekerr96003@yahoo.com

**PLEASE HELP THE CHAPTER BY VOLUNTEERING
TO HOST A DINNER**

***WE NEED COOKS FOR SEPTEMBER!!
PLEASE CONSIDER HELPING OUT***

2022

September _____

October **OCTOBERFEST**

November _____

December _____

(Please note, the chapter reimburses for purchase of food)

Matching Grant

Need to raise \$2,500 by Oct 1st, 2022

Each dollar raised up to \$ 2,500 will be matched

100% of the money will go to purchase a new (or almost new **16 ft long by Seven ft wide (interior), enclosed cargo trailer**) to house the DONATED King Air 90 aircraft simulator... which will be used to introduce the youth of northern CA to aviation

The KA90 Simulator/trailer will be hosted by EAA Chapter 157 (Redding, CA).. but it is intended for the Sim trailer to travel throughout northern CA over the next few years.

Every dollar of you donations are tax deductible as the EAA Chapter is a 501-C-3 non profit

Mail your checks to 96001 **Mark the checks**

THE PILOT'S DESIDERATA

By Thomas F. Legg

**Discover your far horizons; but embrace the sky softly,
quietly, so that others of your kind may follow.**

**Know your limitations from moment to moment and be
humble when the elements are against you.**

**Accept advice from those before you, seeking out their
truths.**

**Use your temper as a catalyst to keep you advancing;
guarding it with vigilance though, lest you be obliged to
bite your tongue.**

**Leave your mistakes behind you, noting their lessons as
part of your tuition for learning.**

**If you quit – and will want to – beginning again will be
lonely.**

**You cannot know the colour of truth unless you wear its
cloth; therefore, let honesty itch your mind, gleaming
conspicuous in the eyes.**

**If you become hostage to the fear of the unknown,
challenge it with tenacity; keeping in mind, however, that
only a fool is fearless.**

**Remember how lucky you are to see and touch the sky;
the blind may only dream.**

Be the opportunist; the forever hesitant are losers.

**In each of us there is a conflict – daydreaming versus
reality. May dreaming prod your curiosity, but reality wield
the sword.**

**Expect the unexpected. It will develop an awareness for
Murphy's Law; if something can go wrong - - it will.**

Your time on this earth is a perpetual flight plan cancelled with your passing; you are wise then, to spend each day as though it were your last among those of the living.

You are entitled to complain; use maturity if you do.

With your wings you will receive wisdom, courage and joy, but moreover you will have joined the college of a thousand friendships; never forget them.

Fly at the wind from every quarter; climb high, hesitate and tumble. Yet above all, know when it is time to fold your fragile wings. Remember you are not God-like, but a mere mortal, vulnerable – a pilot, and that is world enough.
